PROJECTS

AI Route-Planning Agent (Team of 4)

Fall 2026 · in progress

Java · Git/GitHub · Asana

- Building a Java agent with 3 teammates that compares **Uniform Cost Search, Greedy Best-First, and A*** on path cost, nodes explored, and runtime.
- Implementing the **Uniform Cost Search** component; using Git/GitHub for shared version control and Asana to track tasks.

Painting Gallery

Spring 2026

PHP · MySQL · HTML/CSS · WAMP Server

- Designed a **MySQL relational schema** with primary keys and NOT NULL constraints to enforce data integrity across records.
- Built a **full-stack PHP web app** to add, view, and delete records, with client-side form validation and success/error feedback for each database operation.

TaskFlow

Spring 2026

Java · JSON

- Designed a **modular, object-oriented task manager** in Java with persistent JSON storage, so tasks save and reload between sessions.

EXPERIENCE

Administrative Assistant (Work-Study)

Jun 2025 – Present

Ontario Tech University

- Building **Python data-extraction pipelines** to automate data collection and ingestion, improving processing efficiency; using AI-assisted development to accelerate implementation.
- Developing **three websites** for Ontario Tech University that showcase faculty research projects and labs, using web technologies and content management systems.
- Maintain and quality-check Excel data for academic consideration requests, handling confidential student records with discretion.
- Compile documentation to support accreditation efforts and update research web pages to meet university style guidelines.

Cashier

Aug 2022 – Sept 2023

Burger King

- Processed high volumes of orders and payments accurately in a fast-paced, team-based environment.

EDUCATION

Ontario Tech University

Oshawa, ON

B.Eng. (Honours), Software Engineering (Co-op)

Expected Spring 2029

Relevant Courses

- Data Management Systems
- Algorithms
- Software Design & Architecture
- Intro to AI

SKILLS

Languages

Java · Python · SQL · PHP · JavaScript

Web & Data

HTML/CSS · MySQL · Relational Design · Data Extraction & Validation · Excel

Tools & Practices

Git/GitHub · Asana · Agile · Technical Documentation

EXTRACURRICULARS

Volunteer

Organization for Canadian Tamils with Disabilities

2023 – 2025

Member

Women in Engineering, Ontario Tech

2024 – Present
